IN REALTY CIRCLES.

The Meredith apartments now being erected on First avenue, near A street are up to the third story, cutting quite an impressive appearance from South Temple street. The building is to have 21 apartments and cost \$35,000. The 7-foot strip of land extending down the side hill to South Temple street has been converted into a concrete stair-

way and approach.

A. M. Gordon is to erect an apartment house on Second South, between Fourth and Fifth East streets; and Ashton & Jenkins have bought from David McKenzle 8x10 rods, at West Temple and Sixth South streets, at private sale, where the purchasers pro-pose to build 22 cottages to cost \$35,000. This will prove a marked addition to west-side valuations.

Man Who Drew Revolver on a Woman Gets Another Chance.

Mike Guilfoyle played in rare good fortune yesterday. He walked out of court a free man, but he is no longer to grace Salt Lake City with his pres-

to grace Sait Lake City with his pres-ence. By Friday morning he must be far, far away.

The man was arrested last week for drawing a revolver upon Mrs. Maggie Hilborne and threatening to shoot her head off if she did not drink with him. The woman took the drink rather than be killed and then she had Guilfoyle arrested. His trouble was due to jealousy over the woman. He was in love with her and because she was in love with her and because she received attentions from another man, 'the other man' received a beating at the hands of Gullfoyle. For this offense he was fined \$50. Then he threatened to kill the woman. He pleaded guilty yesterday but by consent of the prosecution, time for sentence was fixed for Friday morning and in the meantime the man was released on his own recognizance.

The truant officer for the city schools reports that there have been 100 exemption permits less issued this year than up to the same date last year. than up to the same date last year. This speaks well in behalf of those having the care of children, as the rule has been that nearly every pretext possible has been take advantage of by parents and guardians to keep boys and girls out of school.

It is reported also that cases of truancy are much less frequent than heretofore, despite the pleasant weather, when it is a difficult mater for even older persons to stay indoors. The conditions of the schools, all phases considered, were probably never before in such excellent condition as now.
